

Partial shipment not allowed, unless otherwise authorized by Buyer in writing (a copy of such written authorization must be sent by Seller with its invoice).

Absent written authorization, no payment will be made until Seller has completed all of its deliveries.

Buyer will deduct from such payment the additional transportation expense incurred as a result of Seller's failure to follow Buyer's instructions.

In the event Seller delivers the deliverable item(s) prior to the applicable line item delivery date(s) set forth in this purchase order, Buyer reserves the right not to begin processing Seller's invoice until the delivery date stated in this Purchase Order. Failure to deliver the item(s) by the required date(s) will subject Seller to Buyer's right of termination set forth in the terms and conditions.
